Smart Card Reader Keyboard (TAA Compliant)

iMouse M6-TAA

TAA Compliant USB Mouse

Antimicrobial/Medical Grade
Prevents harmful bacteria from growing on the device.

Antimicrobial

Smart Card Reader (SCR)

Brings extra security and ease for identification systems, secure web applications, and secure logon. Due to its secure nature, smart card keyboards are extensively used by industries like retail, healthcare, e-commerce, and government agencies.

Convenient Scroll Wheel

Navigate quickly and easily with the convenient scroll wheel.

TAA Compliant Ergonomic Keyboards

AKB-150SB-TAA

Smart Card Reader Ergonomic Keyboard (TAA Compliant)

Built-in Smart Card Reader

The built-in Smart Card Reader brings extra security and ease for banking transactions, identification systems, secure web applications, and secure logon. Due to its secure nature, smart card keyboards are extensively used by industries like banking, healthcare, e-commerce, and government agencies. This device supports multiple international standards including ISO7816 for IC card standard, PCSC 2.0 for Windows Smart Card standard, Microsoft WHQL-EMV for Europay MasterCard Visa standard and USB-IFCCD standard.

Ergonomic Shape

The design of this keyboard with gently sloped shape, encourages natural position of hands, wrists, and forearm for maximum comfort and long use.

Keyboard Split Key Design

Standard keyboards force your hands to be close to each other while split key keyboards create a wider distance between your hands. This distance helps alleviate strains on the neck and back that would otherwise build up using standard keyboards.

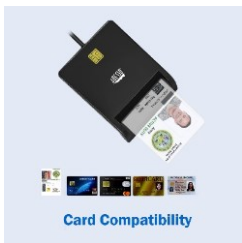

SCR-100 Smart Card Reader
